## Haviland Dinner Set, \$25.50

Reduced from \$39.00.

Big reduction but it's only a sample of the values to be found in the September China Sale. There's only 99 pieces in this set—one plate short. The meat plate is unusually large—18 inches. Pretty decorated set and a wonderful bargain at \$25.50. Porcelain Dinner Sets of 100 pieces—beautiful floral decorations—worth and sold usually at \$14.00; our price, \$10.98. We bought the other day some pretty plates in small China pieces at a discount, notably some imported Japanese CHINA SALT and PEPPER SHAKERS, worth 10c each, to sell at 5c. Imported PORCELAIN EGG CUPS, decorated in blue, worth 5c, to sell at 3c each.

"May Manton Patterns, 10c each; by mail, 12c.

## ANNEXATION IS WHAT THEY WANT

East End Citizens Take a Decided Stand on the Subject.

### THREE SMALL BOYS PAY OUT

Money Came From Home to Youngsters in Henrico Jail.

Annexation is a live subject in the Court at this time. The citizens there are discussing the question at every gathering and the Annexation and Improvement League, which was formed Monday, is working with the one end in view—annexation to Richmond. This league is a permanent organization and consists of representative citizens in the territory east of Thirty-second street and between Chimborazo Park and P street. The first task assigned the organization is to push the annexation of this territory to Richmond before the Henrico Circuit Court. It has nothing to do with a similar movement on the part of the citizens of Fairmount.

#### He is Grateful.

The stay of sentence afforded by the writ of error being granted him by the Supreme Court has not lessened Austin Johnson's religious fervor and yesterday he was lifting his voice in prayer and song all day. He is deeply grateful to his attorney, Mr. Edgar B. English, for faithful work. Johnson has no money and his friends were able to raise but a small amount for his defense. As a result, Mr. English has worked for practically nothing and in sending the record to the Supreme Court he used much of his own money.

Mr. Pinchbeck, father of the little girl upon whom the assault was alleged to have been made, has moved from Richmond to Manchester.

#### Small Boys Go Home.

Parents of the three small boys who were arrested by special officers in the county for trespassing on railroad property, and who were ordered to pay a fine and the costs, have sent enough money to cover both the fines and the costs and the boys will return to their home to-day. Neither was older than twelve years. They left Norfolk and went to Petersburg and from there came to Richmond on the street car. After spending all of their money, they started to board a freight, but never got the chance. One of them put their feet on the tracks of the railroad, a special officer grabbed them and to the jail they went.

#### They Know Him.

"St. Louis Slim," a white man, now in jail at Fairfax Court House on a charge of breaking into a car of the R. F. & P. railroad, is said to have been a partner of Topeka Joe at one time. He bears a bad reputation and the evidence against him is said to be very strong. The Henrico authorities are aware of the arrest of the man at Fairfax and a special officer grabbed them and to the jail they went.

#### Be Tried To-day.

Clinton Stokes, who was fined by Judge Lewis on Monday, will be given a hearing again to-morrow upon the charge of cursing and abusing Mrs. Dora B. Duke, who was a witness against him at the first trial. He was arrested yesterday morning.

#### The case against James Robinson

The case against James Robinson, who was fined by Judge Lewis on Monday, will be given a hearing again to-morrow upon the charge of cursing and abusing Mrs. Dora B. Duke, who was a witness against him at the first trial. He was arrested yesterday morning.

#### HONEST PHYSICIAN

Works with Himself First. It is a mistake to assume that physicians are always skeptical as to the curative properties of anything else than drugs.

Indeed, the best doctors are those who work with a little use of drugs as possible and by the use of correct food and drink. A physician writes from Calif. to tell how he made a well man of himself with Nature's remedy.

"Before I came from Europe, where I was born," he says, "it was my custom to take coffee with milk (and no salt) with my morning meal, a small cup (not a quart) after dinner and two or three additional small cups at my club during the evening."

"In time nervous symptoms developed, with pains in the cardiac region, and accompanied by great depression of spirits, despondency—in brief, 'the blues'!"

"I at first tried medicines, but got no relief and at last reached that all my troubles were caused by coffee. I thereupon quit its use forthwith, substituting English Breakfast Tea."

"The tea seemed to help me at first, but in time the distressing symptoms returned, and I quit it also, and tried to use milk for my table beverage. This was complicated, however, to abandon speedily, for while it relieved the nervousness somewhat, it brought on constipation. Then by a happy inspiration I was led to try the Postum Food Coffee."

"This was some months ago, and I still use it. I am no longer nervous, nor do I suffer from the pains about the heart, while my 'blues' have left me and life is bright to me once more. I know that leaving off coffee and using Postum healed me, and I make it a rule to advise my patients to use it." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

## COLLEGE YEAR BEGINS TO-DAY

Young Men Came in Yesterday From Many States.

### NEW PROFESSORS SPEAK

Chief Address at Reception To-night By Professor Metcalf. Matriculation.

The opening exercises of Richmond College promise to be exceedingly interesting, especially so because of the expected address of Professor J. C. Metcalf, the new professor of English, which will be the chief event of the evening. As an accomplished scholar and man of excellent literary taste, as well as of high character, his reputation has preceded him to Richmond, and his appearance is looked forward to with decided interest.

There will be other very brief addresses and an excellent musical programme, which is under the direction of Professor R. E. Gaines, will be rendered. The programme of the exercises, to which the public is invited, is as follows: Address of welcome from the city churches—Rev. E. F. Stone. Address of welcome on behalf of the city of Richmond—Rev. Dr. George McDaniel.

Invitation address of J. C. Metcalf, M. A., professor of English, whose theme will be "The Development of English." The presentation of two other new professors—W. S. McNeill, B. A., Ph. D., LL. B., associate in law, and J. M. Whitfield, A. B., M. D., acting professor of chemistry.

Announcements regarding the Y. M. C. A. of the college, by the president of that organization, Mr. Dana Terry, of Louisiana.

At the conclusion of these exercises a

DR. J. M. WHITFIELD, NEW PROFESSORS AT RICHMOND COLLEGE.

reception will be tendered to all the new students by the college Y. M. C. A. at the college refectory.

#### Matriculation To-day.

To-day will be devoted entirely to the matriculation of students and assignment of rooms to out-of-town arrivals. The following order will be observed: 9 o'clock A. M.; Greek, 9:30; English, 10; mathematics, 10:30; physics, 11; chemistry, 11:30; philosophy, 12 o'clock M.; 2 o'clock P. M.; mechanics and drawing, 3; biology, 3:30; law, 4:30. French and German classes will not be organized until Monday.

All members of the faculty are on the grounds except Dr. McNeill, who has been detained in Boston. The prospects for students this year is good. It is impossible to say at this time how large is the number on the whole, as matriculation only begins to-day. A notable and gratifying fact is the large increase of the number of students from the city of Richmond. Among those who arrived yesterday from out of town were men from West Virginia, Maryland, New Jersey, Tennessee, the Carolinas, Louisiana and Canada.

## Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system.

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion—dyspepsia.

Dr. Miles' Restorative Nerve increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nerve plays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nerve.

"I can't say enough for Dr. Miles' Nerve. I don't know what it will do for me, but it certainly cured me of stomach trouble, and now I am as well as I ever was. Two physicians failed to relieve me, but in three or four days after taking Nerve I was much relieved. Four bottles made me a sound hearty man. The cost of \$3.00."

JAMES B. HART, Detroit, Mich. Dr. Miles' Nerve is sold by your druggist, who will guarantee that the bottle is genuine. If it fails, he will refund your money.

Chairman Elyson last night announced the following appointments for public speaking:

Hon. Claude A. Swanson, Crange, September 25.

Hon. Carter Glass, Houston, September 27.

Governor A. J. Montague, Saluda, September 28.

Others will be announced in a few days.

The bosom of the political deep was unruffled in Richmond yesterday, few of the big leaders of either party being in the city.

Congressman Swanson and Senator Martin spoke at a barbecue at Standardville, and Judge Lewis was hammering away on his literary in Southwest Virginia.

East Swanson will return here to-day and will start out again on Monday. The excitement and confusion incident to the recent Democratic primary having now fairly died away, all the candidates and their supporters are lining up behind the party nominees and are closing ranks for a powerful battle against the Republicans. Democratic comment heard on Mr. Swanson's opening speech at Standardville, and Judge Lewis was hammering away on his literary in Southwest Virginia.

## IN THE WHIRL OF STATE POLITICS

Governor Montague's Expenses in the Primary Were Light.

### SPEAKING DATES ARRANGED

Swanson, Montague and Carter Glass Are in the Harness.

Statements of expenses are being filed almost daily by candidates who aspired to office in the recent Democratic State primary. The time limit expires to-morrow and several are yet out, including that of Lieutenant-Governor Willard, who will, it is understood, file to-day.

Governor Montague's statement, filed yesterday, was comparatively small. It was just \$3,364.91, or less than half the amount reported by Senator Martin. It is a coincidence that Governor Montague spent just 60 cents less than did Judge Mann in the fight.

The Governor's statement is as follows: Printing, advertising and campaign buttons, \$5,141; postage, \$1,536; railroad fare, and hotel expenses, \$3,833; stenographer, \$87.71; mimeographing, including stationery, \$75.67; telegrams, \$51.24; long distance telephone service, \$10.35; hall rent, \$22; assessment, State Committee, \$1,500—total, \$5,364.91.

Wise Printing Company, Big Stone Gap, Incorporated; W. S. Mathew, president; J. L. Knight, vice-president; G. N. Knight, secretary and treasurer.

Capital stock, \$100,000; paid up, \$50,000; maximum, \$50,000; minimum, \$50,000. Objects and purposes: To do general printing and publishing business.

A flight of some interest is soon to come before the commission. October 4th is the day that has been set for the hearing of the appeal of the city of Portsmouth against the Seaboard Air Line Railway Company, the Norfolk and Washington Steamship Company, and Old Dominion Steamship Company on the Chesapeake and Ohio Railway Company.

The flight grows out of an effort on the part of the Portsmouth Business Men's Association to procure reasonable and proper accommodation for the traveling public at the North Street terminal of the S. A. L., which appears to be used as a joint wharf and railway station.

It is alleged that the wharf or terminal is now inadequate for the purpose for which it is used, and that Portsmouth people wish to coerce the corporations into making much needed improvements.

It is believed that if the commission acts favorably on the petition all of the defendant concerns will combine to beat the expense.
